

Morning Garden Winter 2008

Emerson Waldorf School will be welcoming parents and young children to participate in our Morning Garden, a parent/child program that introduces families to Waldorf education. Our parent/child Program is designed to meet the social needs of the young children 1-3 years of age while providing loving support for parents.

Ameli Evans will lead the gathering. She will join with parents striving to create a warm, nurturing environment that seeks to surround the child with rhythm and reverence. The program will provide a supportive environment for parents to explore the joys and challenges of raising young children to learn crafts, stories, and songs or to simply observe babies in movement, play, and social interaction.
